

DATA CALCULATOR (ESTIMATE OF DOWNLOAD)

At Tas Communications we recommend using an online data calculator to estimate your monthly download usage or requirements.

This is only a guide and there are a number of weightings to increase the results to better estimate your requirements.

Please go to: <http://www.cableone.net/pages/datacalculator.html#>

Should you have any queries regarding the calculator, you may contact Tas Communications during working hours on 03 6430 5800.
